

NEW IEC TABLE SAW SERIES

Geetech 10" Cabinet Table Saw powerful than contractor saws has met NEW IEC compliance and is CSA/UL listed professional power tool. Its Blade Guard Release is faster than new IEC requirement. Rectangular Insert design makes it easier for customizing zero clearance Standard Insert and Dado Insert. For optimal dust collection, the internal structure is equipped with Dust Shroud for connection to a dust collector, that is Dust Shroud moves along with the Blade as the Blade raises up and lowers down (Patent pending!). What's more, the 10" Hybrid Saw is another professional power tool to choose from our Table Saw Series.

10" CABINET SAW

SPECIFICATIONS	
Motor	3HP 230VAC 1PH
Blade Diameter	10"
Saw Blade	40T
Rectangular Table Insert	Zero Clearance
Dado Blade Set	Max. Width of 13 /16"
Fence	with DRO
Max. Depth of Cut	Blade at 90° 3 1/8"
Max. Depth of Cut	Blade at 45° 2 1/8 "
Max. Rip Right of Blade	52"
Max. Rip Left of Blade	12"
Arbor	5/8"
Arbor Speed	4,000RPM
Arbor Tilt Range	0° ~ 45° to left
Table Height	35"
Table Dimensions	20"x27"
Table with Extension Wings	44"x27"
Cast Iron Extension Wing	12"
Extension Table	Right Side
Dust Port Diameter	4"
New Weight	300lbs / 136.1kgs
